

Create a web page as shown in the figure below. Each frame should have the following content

- Blue frame should have a **heading** and a **logo** as shown in diagram.
- Orange frame should have a **paragraph** describing our national animal and an image of it
- White should have an **image** of “Ashoka chakra”
- Green Frame should have **division** describing our national bird and an image of it
- Use External CSS to decorate the page

Note: Try to use all possible tags and any extra content can be added
